TIA RAIZADA

7678483915 | tiaraizada@gmail.com | CHENNAI, India

PROFESSIONAL SUMMARY

- Current student pursuing B.Tech in Computer Science Core and seeking opportunity to begin career. Identifies and quickly closes any knowledge gaps to offer value to team.
- A highly motivated individual who is always learning, able to work to tight deadlines, and who can communicate effectively with technical peers .
- Someone who encourages learning and the sharing of ideas and is always open to new ways of working.
- Meticulous web developer with over 2 years of web application development experience.
- Passionate Developer creating responsive website.
- Interned under IIT Kanpur Summer Internship Programme and Bharat Intern.
- Coding enthusiast challenging myself by being a part of multiple Technical as well as cultural clubs.
- Have prior working experience of HTML, HTML5, CSS, JavaScript , ReactJS, Python and Python for Data Science.
- Honest and hardworking Web developer skilled at designing sites and writing clean code. Implement successful content based on user needs. Background includes performance optimization.

SKILLS

- C
- HTML
- JavaScript
- PYTHON for Data Science
- MySQL
- Angular 2 +

- C++
- HTML5
- ReactJS
- SCSS
- SQLITE3

- C#
- CSS
- PYTHON
- SQL
- TypeScript

EXPERIENCE

Web Development Intern
Bharat intern, 2023 - Current

- Developed responsive and user-friendly web interfaces using HTML5, CSS3,JavaScript , SCSS and ReactJS contributing to creating websites.
- Projects included: Portfolio creation, Creating User Recommendation application (w.r.t Netflix,hotstar), Forecasting application.
- Was part of R&D team where I was supposed to take initiative of improvising and innovating Expense tracking application where I created Spender from the scratch.
- Responsibility to create end to end frontend web application for the above projects.
- Assisted in optimizing website performance using Lighthouse through minification, lazy loading, and other techniques, resulting in improved load times and user engagement.
- Implemented changes to make website more successful, functional and usable.
- Consistently ensured timely delivery of high-quality code with minimal defect count to meet project milestones and deadlines

Technical Admin
Github Community SRM, 2023 - Current

- Team size: 8

- Promoted from team member to team lead to team admin.

- Monitor team operations, UI/UX Architecture and User Design journey and manage workflow as well as delegation of tasks to improve pace.

- Created an Admin Portal for SRM University which provides a platform to the teachers as well as the students to collaborate/manage fellowships and on going projects.

- Supervised teams and individuals, giving feedback on performance and setting goals for improvement.

- Contributed to successful quality control initiatives and implemented new strategies to improve member work.

- Optimized team performance with strong technical vision and day-to-day management.

- Facilitated collaboration among developers, conducted workshops, and organizing hackathons to promote open-source contributions.

- Delivered on project goals with technical results to match job specifications and exceed expectations.

Lead
The Product House SRMIST , 2023 - Current

- Roles and Responsibilities :

- Creating UI/UX designs for performant and user friendly web application which improves user journey.

- Also responsible for handling Digital Marketing for TPH-SRMIST .Responsibilities include creating digital campaigns as well as handling social media accounts promoting events/workshops/products using reels and stories.

- Major platforms for promotions: Instagram,LinkedIn and twitter

- Integrated animations and music to enhance the storytelling and overall user experience.

- Demonstrated creativity and attention to detail while adhering to guidelines and maintaining consistency in visual style.

Technical Team Member
Think Digital SRM, 2021 - Current

- Active front end developer for creating web applications.

- Created an integrable login application using object oriented JS, HTML5 and CSS.

- This application was a SAAS aggregator which helped us save multiple hours and efforts as in was easy to plug and play.

- Also worked on designing and implementing basics of DB Schema changes as well as integration of API.

- Maintained detailed records of daily support activities and resolutions.

Python Developer
Summer Internship Programme , IIT Kanpur, 2023 - 2023

- Got an opportunity to be selected as a python developer under the Summer Internship Programme organized by IIT Kanpur

- Challenged myself to pick up new technologies such as Python ,Matplot Library, Numpy , Pandas and SQL.

- Along with Internship I also got a chance to be trained under the top most professors at IIT Kanpur excelling in Python and Data Science.

- Cleared all mandatory weekly assignments and assessments during the course of internship in parallel.
- Projects developed : Exploratory data analysis for Animal Center Intakes and Outtakes and Bug Tracking System
- Wrote well-structured and well-tested code, providing new features and improvements to existing services.
- Maintained software performance with regular updates.
- Evaluated and optimized systems based on collected and analyzed operating data.
- Resolved errors through close collaboration with quality assurance team.

Team Lead
Github Community SRM, 2022 - 2023

- Kept team on-task and promoted collaboration by smoothly handling both internal and external complaints.
- Administered repository access, reviewed code contributions, and ensured adherence to version control best practices
- Supported community members with technical queries, troubleshooting, and code-related discussions.
- Worked single handedly on creating a website deploying with end to end delivery on Angular
- Maximized quality and productivity with thorough training and consistent monitoring of team performance.

Photographer
SRMKZILLA, 2022 - 2023

- Captured artfully composed images using expertly selected lenses, camera settings, and lighting techniques.
- Optimized photographs with digital manipulations such as contrast adjustment and blemish correction.
- Worked with personal, business, and organizational clients to effectively realize creative visions.

Social Media Team Member
TEDxSRMIST, 2022 - 2023

- Helped companies determine market position from available data.
- Reduced research turnaround time with improved data collection strategies.
- Simplified complex findings with graphical illustrations and detailed reports.

Technical Team Member
Github Community SRM, 2021 - 2022

- Team Member
- Implementing UI/UX along with providing suggestions.
- Created an Event Portal for Github SRM community which provides a platform providing regular upcoming events / workshops and on going projects.
- We even integrated Registrations section to existing SPA and made it as a single integrated web application which acted as one stop solution helping us collaborate/manage events for the collage.
- Later on multiple SPAs were on boarded to the events portal such as Women in Tech, Un hashed GraphQ etc which were earlier built and maintained by us.

EDUCATION

Senior High School: PCM
AMITY INTERNATIONAL SCHOOL MAYUR VIHAR , DELHI , 110091, DELHI, India, May 2021

ELEMENTARY TO HIGH SCHOOL: SCHOOL
AMITY INTERNATIONAL SCHOOL ,NOIDA, NOIDA , UTTAR PRADESH, Jun 2019
CHAIRPERSON's gold medal after 10th grade CBSE result
Secured 100 marks in English in 10th Boards examination result
proficiency in german in A1 and A2 level securing 93% and 86% respectively

B. TECH: ENGINEERING
SRM INSITUTE of SCEINCE and TECHNOLOGY KATTANKALATHUR, CHENNAI , TAMIL NADU, INDIA, Jun 2025
RECIEVED MERIT BASED SCHOLARSHIP - 100% SCHOLARSHIP ON TUITION FEE IN 1ST YEAR AS WELL AS
2ND YEAR

LANGUAGE
